

US HUGS Facilitator Price List -- effective January 2006

Participant Support Material Packages:

Support materials for participants are available to licensed HUGS facilitators as packages for efficient delivery to class requirements and as individual items for additional supplements. **Note prices include shipping by UPS std for bulk orders of support material packages.** Otherwise, regular surface shipping applies.

Resource Material Package (one of each item)..... \$59.00

- Book *Tailoring your Tastes*
- HUGS handout booklet
- Book *Staying off the Diet Roller Coaster*
- HUGS Affirmation CD's
- Plus 3 months FREE post program online support

Basic Material Package (one of each item)..... \$39.00

- Book *Tailoring your Tastes*
- HUGS handout booklet
- Book *Staying off the Diet Roller Coaster*
- Plus 3 months FREE post program online support

Note: *Tailoring your Tastes plus Staying Off the Diet Roller Coaster along with the HUGS handout booklet are practical applications of You Count, Calories Don't. Note first page reading guide for these books found in handout booklet that go along with the HUGS program.*

Note: Hand out all the support materials at registration and be sure to sell the program as the ten week program PLUS the 3 months FREE post program online support. Note that suggested retail cost of the support materials does not include the added value of FREE post program online support. You can still charge \$50 for the participant basic material package even though it has a higher retail value of \$43.90 plus \$50 (online support) of \$93.90. People like the idea of getting something free.

Note: *You Count, Calories Don't is available at www.hugs.com online at no charge. This will help drive people to our website (which is also your promotional tool for HUGS). In addition if people read You Count, Calories Don't or portions of it online, they will realize that most of them will need a program for the support to integrate the changes to their lifestyle. It will help "sell" your local programs and the online programs and support more effectively.*
